

Tricefy™ and ViewPoint™ 6

Focus on what matters most with a simplified, centralized and unified workflow.

GE Healthcare has partnered with Trice Imaging to provide a cloud based solution called Tricefy, allowing you to seamlessly share, collaborate, route and remotely access exams from your ViewPoint 6 workstation.

+ Share: instantly with patients

Enhance patient experience by sharing high-quality images, videos and reports with Tricefy directly from ViewPoint 6.

+ Collaborate: efficiently with colleagues

Gain broader access to experts and share outside your network. Tricefy cloud enables real-time collaboration with physicians, outside providers and industry professionals.

+ Route: automatically between facilities

Streamline image and data transfer while improving communication and collaboration. Route exams between ViewPoint 6 servers, PACS, and from non-ViewPoint users into your facility.

+ Access: remotely without compromise

Automatically duplicate your ViewPoint 6 studies with Tricefy. Image quality and cines are uncompromised enabling remote reading and viewing.

EXPERIENCE TRICEFY
